A Farmer carrying an express package from a big mail order house was accosted by a local dealer

Why didn't you buy that bill of goods from me? I could have saved you the express, and besides you would have been patronizing a home store, which helps pay the taxes and builds up the locality The farmer looked at him a moment, and then said: "Why don't you patronize your home paper and advertize? I read it and didn't know you had the stuff I have here."

1,250,000 CHILDREN ARE FACING SLOW STARVATION IN BELGIUM TODAY.

The Belgian Relief Commission has not the means to supply these growing children with the food that is necessary. THE SITUATION IS SERIOUS. This great relief than has largely been administered through Americans; the break between the States and Germany has brought about a crisis; there is more need of funds now than at any previous time.

THE GREAT RELIEF WORK MUST AND WILL GO ON.

WE MUST DO OUR SHARE.

At the present time the growing child in Belgium receives only "hunk of bread and a bowl of soup" each day. It is not enough; they must have more-or starve.

For 3.1-3 cents a day the Relief Commission can supply one child with an extra "meal" of a biscuit made with fat or lard and a cup of cocoa, not much, but it is the difference between life and death, between health and disease, for the children of heroic Belgium.

ALBERTA HAS BEEN BLESSED WITH TWO RECORD-

We are prosperous—the future looks bright—we are in a position to help. How many-starving children can you look after? How many will we look after?

HOW MANY WILL YOU FEED?

\$12.00 a year, the price the Alberta farmer received for eight bushels of his wheat, will give this extra "meal" to one child for a whole year. 10e a day or \$3600 a year will keep three children from starvation. \$60.00 a year will feed five; \$120.00 a year will feed 10.

WERE YOU EVER HUNGRY?

Can you picture starvation, the pinched faces, the piteous cries? IF THE CHILDREN WERE STARVING IN ALBERTA you

YOU WILL HELP IN THIS CASE

AND YOU MUST ACT NOW

The thought that you are feeding some of these unfortunates each day will bring you happiness. Think of the eager little hands reaching for the meal you supply.

Your own meals will taste sweeter when you do your share. The paper in which you are reading this is doing its share by publishing this appeal without charge—WHAT WILL YOU DO?

You may send contributions by the week, month, or in one lump sum. You are ASSURED that your money is used for the purpose it is
